## SCORER AND UMP PLAY BEST BALL IN SPEEDY GAME

Jarnes' Hook Badly Hooked  
by Heavy Hitting Swat-  
ters in Medic Lineup.

By LARRY

Applying a local anesthesia, the Marion County Doctors in painless fashion operated on the Marion County Dentists at Traction Park late yesterday afternoon and removed a ball game from their personal. The final count of the game was 5 to 4. At least that is the official score favoring the Doctors as handed down by Judge Johnson, who placed his name in nomination for job of official scorer and was elected by a unanimous vote. Doctor Johnson voted for himself, so it would be unanimous on the first ballot. The ball game was the first feature of the Doctors-Dentists picnic. Other features followed, and will be detailed later.

Dr. Johnson said that owing to the fact that the ball game was an executive session, the lineup of the two teams could not be given out for publication, but after much hard labor we found out some of the players in the game.

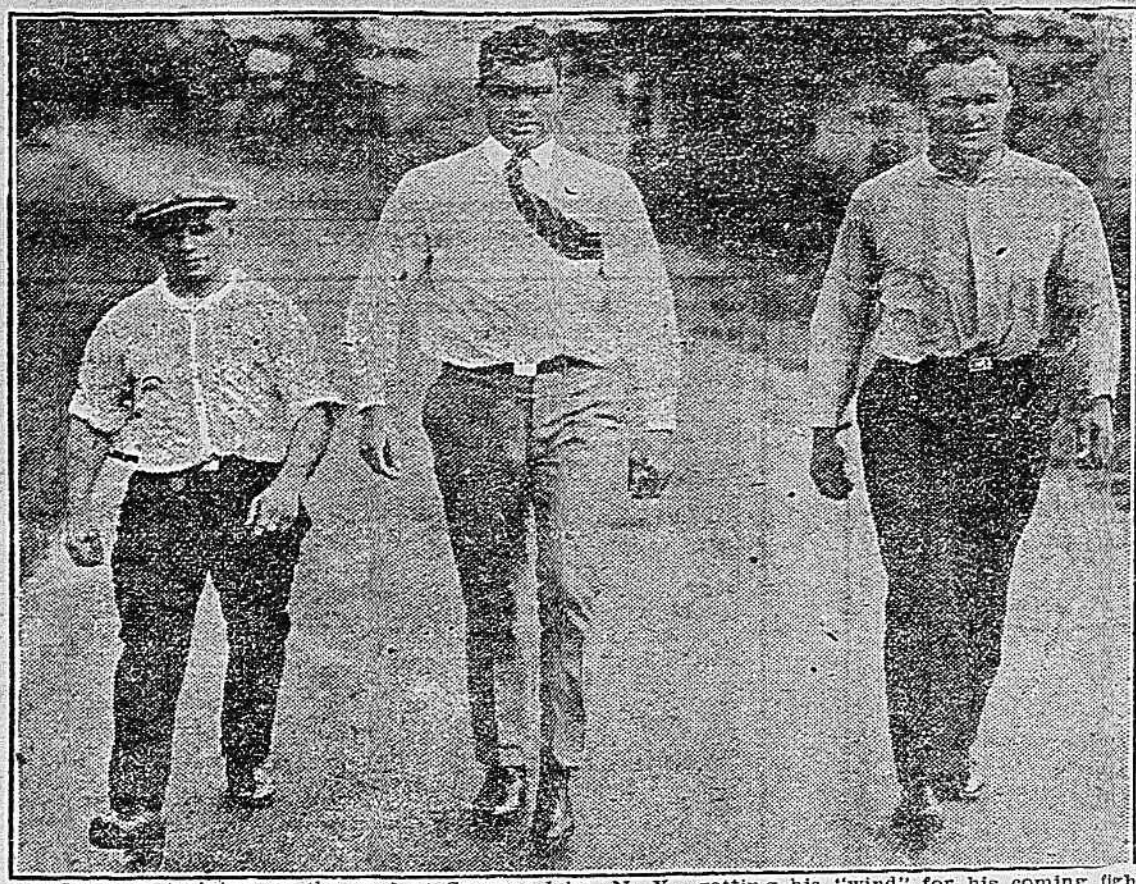

The official home plate was laid out on a new angle. Barnes and Burnett formed the battery for the Dentists, while Carr and Towson started for the Medics. Carr retired after "Ching Bell made a hit in the first inning and the Medics battery from then on was Towson and Towson. Both pitcher and catcher wore specs, making the most unique battery in captivity. The umpire, who is alleged to have been imported from some place by the Doctors, also had specs, but his judgment was questioned on several occasions never the less. Once he called Herb Barnes out at third base when he attempted to steal that bag. Herb protested but was quieted when the ump told him he would swear out a warrant for attempted grand larceny if he kept up the noise.

One of the Towson boys made a clean steal of first base. Herb Barnes was not making a slide for the bag. His Majesty the Ump, wanted action all the time and made all who failed to satisfy him in this respect pay the penalty. No account was kept of the errors because it was said that only runs were vital. Barnes would have won his game, except for the fact that his "hook" was not working just right. Several times he told the ump to watch his "hook" on the next ball. The batter generally "hooked" it to left for a hit, which was not just what had been expected. The Dentists had a \$10,000 "inlay," but the outfield was not worth that much by \$11,000. Bell who played left field camped back of short and any kind of a pop fly went for a long hit. Basil Herron made a dandy unexpected hit at one stage of the game, but late last night he hadn't got his wind.

Earl McCray played a consistent game at third base, missing everything that came his way. All the players were pretty consistent in this respect. "Hersch" Satterfield stopped one with his ribs while at bat in one of the late innings, and last night he looked as if he had been vaccinated right below the heart.

We don't know just how the runs were made, but neither does anyone else, except Doctor Johnson and he won't tell. Grady Morgan looked right sweet at second base, then the other side was in

## DEMPSEY TRAINING TO KEEP HIS TITLE

Dempsey training on the road at Saranac Lake, N. Y., getting his "wind" for his coming fight with Willard. That pint sized fellow is Jack's new boss. No kiddin'. He's Jerry Luvadas, who puts Jack through his training paces. On the right is Jack Renault, Dempsey's sparring partner.

the field. Carter Fleming played his usual steady game at first base. E. W. Howard, president of the Howard Medical College did not get up for the game, but he gave all the players a shot in the arm before they left Fairmont so that they could secure the coveted victory. When he arrived later on, he expressed no surprise that the Doctors had won the battle.

The next game for the Doctors will be sometime in August, when they will go to Mountain Lake Park for a game. It is said they will take their umpire along in order to be assured of a square deal. The Dentists think this will be the same as an insurance policy.

Along about the fourth inning someone yelled "Bats." The Doctors being ahead, they promptly left the field, taking the victory with them.

The festive board was placed under the sheltering trees, and the pickles, beans, salads, olives, chicken, meat loaf, coffee, sandwiches, cake, watermelon, energlo and everything promptly executed in due process of law. Everybody did justice to the situation and the block and tackle system had to be used to get a few of the participants to their feet.

While the women were cleaning up the debris, a number of the Dentico - Medico congregation, burst into song. It was some burst. They sang everything we ever heard and a few we had never heard before. When they ran out, they moved the needle over and started up again. The tenors seemed to have the upper hand. The park policeman had gone to supper, so none was arrested.

About the time the warbles had run down, Skinnors orchestra blew in and everybody went down to the dance hall to see what was the matter. And say, these professional guys certainly shake a wicked hoof. E. W. Howard and Walter Boyds came along about 8:30 and rufed things up right. First thing Doctor Howard did was to order a Paul Jones. Not since just after the war of 1812 have we seen anything like it. Carter Fleming got one of those Salvation Army musical instruments and did a jig in the middle of the floor while the

crowd surged around and around, shouting approval. There were about seventy eleven pretty nurses present from Cook Hospital, and we'll tell the world none of 'em were allowed to be asesome very long. Gosh, it must be a real pleasure to be sick enough to get quarantined in a hospital these days.

Sometime before midnight, Doctor Howard was all in and then he ordered everybody home. Just then it started to rain, and the boys had a nice wet time getting the chains on the gasoline buggies. But they got 'em on, and everybody got home safe and sound, but the cell of the alarm clock this morning must have been a horrible sound to many.

Everybody voted this affair just right, and it is thought that a few more ball games and picnics may be forthcoming before the summer is over.

We certainly are glad to have a diploma in journalism from the Howard Medical College.

## GOOD GAME TONIGHT AT SOUTH SIDE LOT

A great ball game is booked for South Side Park this afternoon when the South Side Independents meets the Middleton team. The game is booked for 5:30, and a large crowd is expected to attend the contest. Both teams are in fine shape for the battle. A real game will likely result. While the South Side team is a new one in the field, they have some good men in their lineup. At a meeting held yesterday by those in charge of the work, plans were made for the football season at Fairmont High School. It is expected to have a good eleven this fall. Practice will be started at South Side Park two weeks before the season opens.

### TO IMPROVE BEACH.

Several hundred dollars will be spent this week on improvements at the new beach at Worthington, where John Brooks, a disabled veteran of the World War, is in charge. The M. F. & Ry. Co. is planning to operate special cars in the evenings and on Sunday in order to care for the large number of persons going to this popular resort. Mr. Brooks says 1,300 persons were his guests at the beach last Sunday.

## UNION HEAD FACES CHARGE OF MURDER

ST. CLAIRSVILLE, Ohio, July 19.—Robert Farmer, vice-president of sub-district No. 5 of district No. 6, United Mine Workers of America, was arrested this morning at his home in Bridgeport and brought here and lodged in the county jail charged with first degree murder. The charge grows out of the death of John I. Majors, near New Lat-ferty, Ohio, on June 27, when he was killed en route to work in a striping mine.

Farmer was secretly indicted yesterday by the special grand jury here, but his arrest was not effected until this morning. He was out under \$10,000 bond.

Farmer was accompanied to the jail here by his attorney, Earl Lewis, who immediately made application for bail which was refused.

## PETIT PARISIAN FAVORS REDUCTION OF INDEMNITY

PARIS, July 19.—(By the Associated Press).—One of the widest read newspapers in France, the Petit Parisien, which circulates throughout the provinces as well as in Paris, today gives its support to the possibility of diminishing the total which Germany would be forced to pay as reparations, thus attempting the difficult task of bringing the French public into line with the British point of view. No country can be permitted to introduce fatal disorder into Europe, it says.

The Paris papers generally avoid discussion of the proposed reduction of Germany's liability.

TRAIN TRAVEL CROWDED  
GALATZ, RUMANIA, July 19.—Some railroad trains in Rumania are so jammed with the roving populace that the conductors are powerless to collect fare. Hence the impression is conveyed that one may travel for nothing, which serves only to bring larger numbers to the already overcrowded coaches.

Like most other war-affected countries, Roumania has not enough passenger coaches to take care of the throngs of people who want to travel. The Germans and Austrians confiscated most of the rolling stock. Passengers today are forced to ride on the roofs, bumpers, running boards and even on the under trucks of the coaches.

Fist fights and altercations, to say nothing of accidents, fatal and otherwise are of frequent occurrence.
